REFERENCES                     PAGES 1 ENCLOSURES (NO. & TYPE)                     REMARKS                     This is UNEVALUATED

The runway and taxiway at Rothenburg airfield were completed by late March 1954. The joints between the concrete slabs on the runway were not yet filled with tar. Construction work was under way on the road to Dunkelhaeuser southwest of Bremenham. Surveying work was being done east of Lodenau-Rothenburg road and poles were placed in the ground.

25X1

Comment. The runway at Rothenburg airfield is 2,500 meters long and 20 meters wide. The exact course of the taxiway on the eastern side of the runway is not known. Construction work will probably be completed by the fall of 1954.
